

## **The Dynamics of Prayer**

### **A Message Delivered By Pastor Kayode Martins at Thursday Chapel Service, August 23, 2018**

Prayer does not only change things, it changes people. Those who come to prayer have come to the help of God.

#### **The Life of Jacob**

Everyone of us desires a change of name (Genesis 32:24-26). We must subscribe to prayer strongly, because that's the anchor point for what we desire.

Those who walk, walk alone; but those who fly, fly with God. You must understand that wickedness is real, oppression is real, but more real is our faith. "The dark places of the earth are filled with the habitations of cruelty."

#### **Midnight Prayers**

If you want a global impact, you have to pay a global price. The midnight is a time of transition and great spiritual activity. You can transit into higher dimensions by praying in the midnight.

Take responsibility to wake up in the midnight to pray and take charge over the issues of your life and destiny. Your engines must remain powered to fly. If a change of name is your desire, then prayer must be your subscription.

There's need for persistence in the place of prayer. Charles Spurgeon said, "I would rather teach one man to pray, than ten men to preach". The foundation for great heights must be laid on the platform of prayer. We must acknowledge the help of God.

You have to press in prayers to experience advancement. You must learn to wrestle with God alone to experience new heights.
