

Taking Responsibility for Sustainable Achievements

A Message delivered By Bishop David Oyedepo at Thursday Chapel Service, August 30, 2018

We live in a world of unlimited opportunities, what is lacking is taking responsibility, (Genesis 14:14-15). You can't achieve anything without taking responsibility.

Don't start your life on a wrong note with dependence on parental sustenance/achievements, which is not sustainable (Ecclesiastes 5:9). Everybody has equal opportunities to excel and be accomplished on this earth, but not without taking responsibility.

The profit of the earth is for all and no one is disadvantaged. Taking responsibility is the greatest challenge of people today, especially believers. Faith is not a substitute for responsibility. The Bible records that 'through faith, Noah MOVED'; we must move to make the most of our gifts and callings.

If you want to be decorated in life, take responsibility. We have an unlimited destiny in redemption (Mathew 11:11; Genesis 26:12-14; Galatians 2:8).

Only irresponsibility would make any student in Covenant a failure. If you don't know how to work now, you lose value tomorrow (2 Corinthians 3:5-10; Mathew 11:11). Wake up and take responsibility, don't sell your birthright to unserious relationships.

Read as widely as you can because information is vital to making marks in life. Give your life a serious approach and create the future you want. You can provoke the unusual in your life. Spirituality is an ever-increasing walk with God (Mathew 6:26-28). To be spiritually minded is life and peace (Romans 8:6).

What cannot be gotten with skill is easily acquired via connectivity with God. Get yourself to learn how to pray by being in prayer meetings. Nobody ever regrets having God in their lives.
