**Theme: EXPLORING THE BREAKTHROUGH POWER OF VISION (PART 2)**

Life at its best is only available in Jesus Christ. We are redeemed to have life and the Holy Spirit is the Spirit of life (Romans 8 vs. 1 - 2; Jeremiah 6 vs. 16 - 17). Covenant University is not forcing anything on you; Covenant University is offering you an opportunity to make the most of life through making quality life decisions.

Your plan does not hold a future; your future is in God's plan. It is in following God's plans and purpose that you secure your future and eternity (Lamentations 3 vs. 37; Jeremiah 29 vs. 11).

### **WHAT IS VISION?**

Vision is about accessing God's plans for your life. Vision is not about what you will be, but about what you are to do. Every vision is about an assignment to be accomplished (Genesis 6 vs. 12; Exodus 3 vs. 7 - 10).

Your future is in what you are supposed to do, not in what you want to become. Your interest does not qualify you for the top, what qualifies the believer for the top is doing whatever God tells you to do (John 2 vs. 5).

Every vision from the Lord is about a divine assignment. Your assignment may look ignoble, but in it is your nobility (Proverbs 29 vs. 18). God's presence is committed to everywhere that He leads you to. Wherever God leads, His presence is guaranteed.

### **WHAT ARE THE BENEFITS OF VISION?**

1. When God leads, He goes before the led (Isaiah 45 vs. 1 - 3).
2. When God leads, He goes with the led (Hebrews 13 vs. 5).
3. When God leads, He grants the led His presence (Psalm 23 vs. 4; Psalm 114 vs. 1 - 7).

You cannot access God's plan without being spiritual: it takes being a man and woman of the spirit to access divine signals (1 Corinthians 2 vs. 14; Romans 8 vs. 6; Revelation 1 vs. 10).

For you to access the deep things of God you must be a man or woman that reverence and fear God in spirit and in truth (Psalm 25 vs. 14).

Keep building spiritual capacity and stay dedicated to your business, that way the giant in you will emerge to the fulfillment of your God given destiny, because any assignment that is not intensely driven will not see the light of the day.
